

Jockey Hollow Trail – A Historic Hike - Morristown Township

2.25 Mile Hike and Scavenger Hunt - The **YELLOW** Loop trail begins at the Visitors' Center and stops for visits at the Wick House/Gardens, and soldier huts at the Jockey Hollow Encampment. This trail is rated EASY.

SHORTEN THE HIKE – If you are looking for a shorter hike, hike with the Pack to Soldiers huts. It is a good spot for us to take a snack and water break. Then turn around and hike back to the parking lot. This shorter hike will be less than 2 miles.

There is a scavenger hunt incorporated with the Trail. It is a good afternoon hike for the Cubs and an outdoor activity where they can learn about George Washington's Winter Encampment. Do not be surprised if you should encounter a park ranger at the huts, presenting a program about the winter camp or about a soldier's life in the Continental Army.
